Hi Matthew,

We appreciate you attending our Justice40rward Community Tours in Houston and Austin last week! We also appreciate the support you offered in getting regional offices in attendance. We hope the conversations and events were informative and that they will serve as a jumping off point for real community-led solutions to be realized through federal investments and the Justice40 Initiative.

For some selected photos you can view this Google Drive Folder for [Houston](#) and [Austin](#) (If you use any of the photos, credit WE ACT for Environmental Justice).

As you know, these Texas stops are kicking off a series of tours around the Country to ground realizing Justice40 solutions in the context of individual communities centering grassroots voices. We appreciate you taking 3-5 minutes to complete this [short evaluation](#). In addition, we ask for your permission to share contact information with the community organizations that co-hosted the events.

We are excited to see so much commitment to actualizing the promise of the Justice40 initiative and look forward to continuing to work together to ensure environmental justice communities benefit. If you would like us to make direct connections with attendees, please let us know as we hope continued engagement will follow these events.

We are currently underway with our planning for our upcoming tours! ***Our first tour for the year will be in New York City on Saturday, January 21st from 10am to 4pm. We would love to have you join, or anyone else that might be available from the EPA Office of Environmental Justice and Civil Rights.*** We are specifically interested in speaking on the Environmental and Climate Justice Block Grants Program as well as the Greenhouse Gas Emissions Reduction Fund.

Happy holidays!

Best,
